

## NexGen - An Evening Full of Schiff

Come invest some time with an expert who routinely flies in the current NexGen airspace and who will offer advice and techniques that will improve your understanding of the FAA's NextGen program. Discussion will include an explanation of ADSB IN and ADSB OUT. And if you don't know what a "squitter" is, you will by the end of the presentation. The evening will prove to be both entertaining and educational. Your speaker, Brian Schiff is a 30 year veteran flight instructor, 26 year airline pilot with over 18,500 hours. Refreshments will be served.

**Directions:** Exit Las Posas Road off 101 freeway, go south. At Pleasant Valley Road, turn right. At Airport Way, turn right. The Ventura County Department of Airports is the last building on the left.
